To the  
Dean of Toronto University  
College Street,

Dear Sir:-

I would like to see you some time when you have leisure. I am anxious to do some tutoring. I did a good deal in Yale for two years in Latin, Greek Mathematics and Elocution. As I do not know just how such things are managed here I want to see you for a few minutes when you can spare the time.

Sincerely yours  
Fred Brown

Dear Sir:

Your letter addressed to the Dean of Toronto University has come to this office. We have no system of tutoring here as in the American Universities. Here any student who is not far enough advanced with his work employs tutors at his own expense. Therefore, an inquiry made in the students' paper or by a card placed on the Students' Bulletin would be the only way to reach an applicant.

Yours very truly,

President's Secretary.
